GitHub: <https://github.com/gowthamiragupathi>

Objective:

Enthusiastic AI and Data Science professional with hands-on experience in Machine Learning and NLP projects. Proficient in Python, SQL, and web development tools, with a strong foundation in data analysis.

Area of Interest:

- Machine learning , Cybersecurity (GRC)
- Web Development -Frontend, Backend & Data Science and Analytics , UI& UX design

Education:

- Bachelor of Technology |Artificial Intelligence and Data Science|**
Dr.Mahalingam College of Engineering and Technology | Anna University | Pollachi.
[May 2027] | [CGPA: 8.2*] (*On going)
- SPK Matriculation Higher Secondary School, Kaddachenalur,Namakkal district**
[May 2023] | [Percentage:69%]
- SPK Matriculation Higher Secondary School ,Kaddachenalur ,Namakkal district**
[March 2021] [Percentage 100%]

Skills:

Technical Skills:

- Programming Languages:** Java, Python
- Web Technologies:** HTML,CSS3,Node.js
- Tools & Technologies:** Git, Docker, Google Colab,Github,Figma
- Database Management:** MySQL Workbench

Soft Skills:

- Communication:** Strong interpersonal and Skills.
- Problem-Solving:** Approaches challenges logically and finds practical solutions.
- Quick learner:** Adaptive to new techniques

Projects:

- AI-Powered Professional Portfolio Website** - Developed a responsive personal portfolio website showcasing projects, skills, internships, certifications, and achievements with a modern user interface **June 2026-July2026**
- Rule -Based Terms &Condition Risk Analyzer:** Developed a Chrome extension using NLP to parse Terms & Conditions, classify sensitive clauses and compute privacy risk scores with multilingual output. **June 2025-Dec 2025**
- Data Science & Analytics :** Developed data cleaning, preprocessing, and visualization workflows and applied statistical/analytical techniques to extract insights and support data-driven decisions. **June 2024- Sep 2024**
- AI & SQL-Based Stock Management System:** Developed a PHP application with an SQL database to manage inventory, perform CRUD operations, track stock levels, and generate basic reports. **Mar 2024- May 2024**

Internships:

- Machine Learning- IIIT- KOTTAYAM** **May 2025- June 2025**
Accomplished an internship COVID-19 Headline NLP Analysis and Clustering Report
- Data Science & Analytics Internship- CoderOne** **June 2024- Sep 2024**
Completed a project on Sentiment Analysis and Text Summarization using NLP.

Certifications:

- Front-end Web development program (HTML,CSS ,JavaScript)-Coursevite** TechVolt Software; Built responsive websites Interactive features.
- Linguaskill English Test (B1)-** Cambridge Assessment English demonstrates strong reading,writing,listening etc.
- Data Science & Analytics Internship- CoderOne** - Developed data preprocessing & visualization generate insights from datasets.

Achievements & Extracurricular Activities:

- IMAGECON 2024 (Youth Tech Event):** Received Award for presenting the project on "Smart Wrist Watch".
- National Conference 2023:** Presented on CHMUN (Chennai Model United Nations)at American International School
- NSS Volunteer:** Actively participated in public service initiatives and event coordination
